Roadmasters Report

Roadmaster Bruce VanFleet gave an overview of his activity in the township for October and November in advance of the meeting. During the heavy snowstorm there were several issues that needed to be addressed. Lots of heavy limbs were hanging into the roadways and may need to be trimmed back. The residents of 2087 Turnpike Lane had their cars parked in the roadway and were blocking the plow trucks. College road was plowed edge to edge and representatives from Keystone College blew snow from the sidewalk back into the roadway and it needed to be re-plowed. On 12/3/2024 run-off water from the sewer plant driveway froze across turnpike road and it needed to be salted.
